

Class 1

This month we learned about circles and Triangles. We made turkeys from the different shapes. We talked about Fall and the clothes we have to wear in the colder climate. We also talked about covering our nose and mouth when we sneeze or cough. Next month we will be reviewing the different colors of the rainbow. Please see the attached calendar for the color of the day.

Shanaz & Monik

Class 2

November was filled with many things to be thankful for. We had fun learning about Fall from exploring our garden for snails to different songs about rain. We ended the month with Thanksgiving and we celebrated by making our own turkeys to take home and our own turkey hats to wear during our Thanksgiving Day feast. December brings with it many exciting new activities. We will have two weeks of colors (please refer to the calendar to see which is the color of that day). We will begin learning about Chanukah, from the traditional symbols of the holiday to making our own sufganiyot.

Sharon & Julia

Class 3

November was an exciting month. We learned about the Fall and the seasons changing and what happens around us during this time. We learned about Thanksgiving and even had a Turkey visit us from Animaly. We discussed what it means to be thankful and that Thanksgiving is a celebration of people coming together and sharing. On November 26 we celebrated with an all school Thanksgiving party where we shared food items each class had made.

During December we will be Celebrating the colors of the Rainbow. Each day will be dedicated to a specific color, or color combination (see attached Calendar). Also during the next month we will be learning about different holidays such as Chanukah, Los Posadas, Christmas and Kwanza. During this upcoming holiday season we will be discussing the importance of family and sharing. No matter what we celebrate this holiday season, the common thread is spending time with those whom we love and care for.

Regina & Danna

December						
Su	M	Tu	W	Th	F	Sa
	1	2	3	4	5	6
7	8	9	10	11	12	13
14	15	16	17	18	19	20
